Android Apps Training In Basis

From:18/10/2014 to 2/1/2015

Working Experience:

ERA info Tech LTD.

→Working at ERA info Tech as an Intern(App developer in android) (3rd June 2014 to 30 july,2014)(Internship)

Spectrum Engineering & Consortium LTD. (18 August ,2014 to Present

- Working as a Junior software Engineer (Java & Android team)
- Working both java & Android RND project.

Java Team Work detail: Mainly Web based Software in Java platform Based.

- ✓ **Server Side:** for server side we used java, for Data base data flowing ,used Hibernate,SpringJDBc.
- ✓ **Client Side:** Bootstrap,Html,CSS,for controller-Angular Js.
- ✓ **Database:**Oracle,Postgresql,MySql.

Android team: Working for Higly designing Android App.

Project at workplace:

1. Project Title	: Metrica
Employee of	: Spectrum Engineering Consortium Ltd.
Duration	: 7 months
Development Tools	: Eclipse IDEA.
Languages & Technologies	:Java,
Database	:MySQL, Oracle, postgresql
Project Details	: Metrica is a metrics project of company human resource, employee performance, project analysis, decision analysis of resource and so on. And it has been fully followed by CMMI Level 3.
Role	: Developer & Peer Reviewer.

2. Project Title	: Magica (Android TV Project)
Employee of	: Spectrum Engineering Consortium Ltd.
Duration	: 3 months
Development Tools	: Eclipse IDEA.
Languages & Technologies	: JSP,JSF,JSTL.
Database	:MySQL
Project Details	: An android based TV Box project.
Role	: Requirements Analytic, Database Designer, Developer & Tester.

3. Project Title : Restaurant Management System in JAVA.
Duration : 2 months
Employee of : Spectrum Engineering Consortium Ltd.

Development Tools : Eclipse IDEA.
Languages : Java
Database : postgresql
Project Details : The project was a Restaurant Management System. Here, a client can make order, payment and booking room.
Role : Designer and programmer.

4. Project Title : Biometric Sim Registration APP
Duration : 2 months
Employee of : Spectrum Engineering Consortium Ltd.

Development Tools : Eclipse IDEA.
Languages / Framework : Android Platform
Database : postgresql
Project Details : New/Re/De Registration with fingerprint.
Role : Designer and programmer.

5. Project Title : MinistryPOC in JAVA.(Running)
Duration : 1 months
Employee of : Spectrum Engineering Consortium Ltd.

Development Tools : Eclipse IDEA.
Languages : Java
Database : postgresql
Project Details : The project is a ICT Ministry application where , User can see all project status and other related things with user base and role based ..
Role : Designer and programmer.

Language skills :-

- Bengali (Excellent), English Writing & Speaking (Good) .

Strength :-

- Would like to face new people and environment.
- Hard working person, self-driven and change oriented.
- Strong communication skill.
- Sharpe sense of social responsibility.

Personal details :-

Name : **Nure Alam Md. Risalat**
